

Short-Term Stays

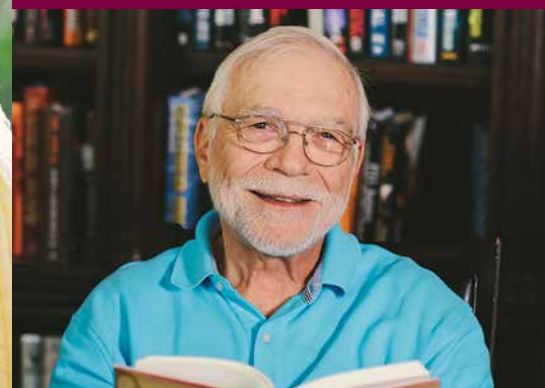

The pause that refreshes: Eskaton's short-term stay program provides the option of temporary support for older adults and caregivers to help reduce stress, restore energy and keep life in balance.

Short-term stays of two weeks or more are available at multiple Eskaton communities. Often a welcome and healthy option within the family caregivers' support system, these temporary or transitional stays also offer guests the opportunity to experience the comprehensive services, amenities and life enrichment programs enjoyed by residents. Available services vary, depending on level of care, but all include nutritious meals, around-the-clock staffing and engaging social interaction. Guests and / or their families may choose from independent living with services, assisted living and memory care.
