

For many seniors, this is the only time they leave their home.

“When you don’t feel well and all you have are four walls to look at, you start thinking is it worth going on. When Marty, the driver, was taking me to a doctor appointment and knew I wasn’t feeling well, he listened to me, he was funny and raised my spirits.”

- Myrtle Brown

Transportation Plus

Understanding the Need

Most of us take for granted that we can run to the pharmacy to fill a prescription or pop into a grocery store to pick up milk and bread. But many seniors are unable to drive and lack the means or family support to go where they need to go.

In Sacramento County alone, over 75,000 seniors are no longer able to drive.

Transportation Plus

Imagine being on a fixed income, unable to drive, and living alone. This is the case for many of the seniors we serve. Our transportation program is designed to provide low-income seniors with round-trip rides to critical appointments such as a doctor and grocery store visit.

What will your gift do?

For every \$75 we raise, we can provide one round-trip ride for a senior who is homebound and often isolated.

\$75 – one round-trip ride

\$300 – one round-trip ride per week for one month

\$3,600 – one round-trip ride per week for one year
