

Now Eskaton is making it easier than ever for our residents to stay in touch with family and friends — anytime, from anywhere. Our “Keep Connected” program uses online video services to keep residents and families in touch. It is free to all new residents and even includes complimentary setup and support for one family member or friend.

Call, click or come by for a visit today to learn how you can keep connected.

Keep Connected *with Eskaton*

More details: Eskaton offers each new resident and one designated family member or friend our “Keep Connected” package, which includes complimentary equipment and tech support. Eskaton will work with the resident and family to determine what is needed to connect them through online video. If the resident, family, or friend requires a PC, tablet, or web camera, Eskaton will provide one. Our community offers free Wi-Fi, so all that’s needed is a broadband connection for participating family members and friends.
