

Free COVID-19 Vaccinations*

Administered directly in your home

Provided especially for older adults 65 years and older and others living at home and unable to access on-site vaccination clinics.

Eskaton's mobile vaccination clinic team will visit homes to administer the J & J vaccine throughout the summer months.

**To register to get the vaccine at home, please call
866-ESKATON (866-375-2866)**

Ambulance Medical Services

*Eskaton understands that accessing the vaccine can be a challenge, and we are committed to bring you the Jansen vaccine safely and efficiently to your home. Registration will require you to provide your Social Security number and Medicare identification number, which is required by the federal government. All those who participate will be screened prior to receiving the vaccination, and will be observed by a clinical team for 15-30 minutes after being vaccinated.
