Pucci's PHARMACY
• SACRAMENTO'S MIDTOWN PRESCRIPTION CENTER •

*Eskaton understands that accessing the vaccine can be a challenge, and we are committed to bring you both doses of the Pfizer vaccine safely and efficiently at a drive-thru clinic. Registration will require you to provide your Social Security number and Medicare identification number, which is required by the federal government. All those who participate will remain in their car for screening, receiving the vaccination and observation by a clinical team for 15-30 minutes after being vaccinated.
